Murad® Acne Post-Acne Spot Lightening Gel

WHAT IT IS:

Murad's Post-Acne Spot Lightening Gel quickly clears skin of post-acne pigment spots with a triple-action formula. Hydroquinone, the strongest skin lightening agent available, fades unwanted dark spots, while plant-derived blemish fighters help keep skin clear. AHAs exfoliate to improve the penetration of Hydroquinone while encouraging cell turn-over which accelerates migration of dark spots to the skin's surface where they can be polished away.

Post-Acne Spot Lightening Gel is part of Murad's Acne line of formulas that are scientifically proven to clear current breakouts and help prevent new blemishes from forming.

FEATURES/ BENEFITS:
